MARKET MINUTE

Brought to you by Legacy Real Estate - Dinah Pearson, Broker/Owner

WHY SOME HOMES SELL INSTANTLY & OTHERS DON'T

Ever notice how some homes sell almost immediately, while others sit on the market? It usually comes down to a few key factors:

CONDITION OVER SIZE

Buyers are drawn to homes that feel clean, well-maintained, and move-in ready—even if they're smaller. Deferred maintenance can be a deal breaker.

FIRST IMPRESSIONS MATTER

Most buyers preview a home online first. Strong photography, thoughtful presentation, and curb appeal help a listing stand out in seconds.

SMART PRICING FROM THE START

Today's buyers compare listings instantly. Homes priced strategically tend to attract more interest—and sell faster.

When a home is prepared, presented, and priced with intention, it's far more likely to rise to the top. Small details make a big difference in today's market. For more tips on selling your home, contact the experts at Legacy Real Estate—local expertise, proven experience.
